Product Management Bulletin
Number: 000-809

Transition Notice:
IntelliTouch® (SAW) Touchscreen Monitors and Open Frames

Product Information

Please be advised that all IntelliTouch® (SAW) touchscreen monitors and open frames are being discontinued and replaced with new TouchPro® PCAP models. Elo's TouchPro PCAP touchscreens outperform SAW by maintaining precise calibration and resisting interference from surface contaminants. While we work hard to minimize product changes, product refreshes are needed from time to time to keep the product current with new technology and features. When this occurs, we try to offer a suitable replacement product with equal or better specifications.

Last Time Order & Last Time Ship

- Last time buy orders will be accepted through **January 30th, 2026** last time ship to be completed by **July 31st, 2026**.
- Please consult with your sales representative for specific part numbers, details and sample availability.
- Recommended replacement parts may, in some cases, not be electrically or mechanically identical to the discontinued product.
